

2018 Census occupied and unoccupied private dwellings by Statistical Area 2

Title

SA22018_V1_00_Census_2018_Occ_Unocc_Dwelling

Description

This dataset contains occupied and unoccupied private dwelling counts from the 2006, 2013, and 2018 Censuses, with percentage changes between the 2013 Census and 2018 Censuses, by statistical area 2. These statistical area 2 boundaries extend to the 12 mile limit and are as at 1 January 2018. For further information see Statistical Area 2 2018 (generalised) layer. This data uses fixed random rounding to protect confidentiality. Some counts of less than 6 are suppressed according to 2018 confidentiality rules. For further information see the attachments included with the dataset: Information about the data (2018 census private dwelling by SA22018), 2018 Census private dwellings by SA22018 lookup, 2018 Census private dwellings by SA22018.csv.
