#### Abstract

This dataset is the definitive set of territorial authority boundaries for 2021 as defined by the Local Government Commission and/or the territorial authorities themselves but maintained by Stats NZ (the custodian). A territorial authority is defined under the Local Government Act 2002 as a city or a district council. There are 67 territorial authorities in New Zealand. This total reflects the amalgamation of the seven territorial authorities (Rodney District, North Shore City, Waitakere City, Auckland City, Manukau City, Papakura District, and Franklin District) into one Auckland Council in 2010. Territorial authorities are the second tier of local government in New Zealand, below regional councils. The 67 territorial authorities comprise 13 city councils including the Auckland council, 53 district councils, and the Chatham Islands Territory. Some territorial authority boundaries are coterminous with regional council boundaries but there are several exceptions. An example is Taupo District, which is split between four regions, although most of its area falls within the Waikato Region. When defining the boundaries of territorial authorities, the Local Government Commission bases considerable weight on the 'community of interest'. Territorial

authorities are defined at meshblock, statistical area 1 (SA1) and statistical area 2 (SA2) levels. The 2021 digital pattern includes the following territorial authorities: Territorial authority code Territorial authority name 001 Far North District 002 Whangarei District 003 Kaipara District 011 Thames-Coromandel District 012 Hauraki District 013 Waikato District 015 Matamata-Piako District 016 Hamilton City 017 Waipa District 018 Ōtorohanga District 019 South Waikato District 020 Waitomo District 021 Taupo District 022 Western Bay of Plenty District 023 Tauranga City 024 Rotorua District 025 Whakatane District 026 Kawerau District 027 Ōpōtiki District 028 Gisborne District 029 Wairoa District 030 Hastings District 031 Napier City 032 Central Hawke's Bay District 033 New Plymouth District 034 Stratford District 035 South Taranaki District 036 Ruapehu District 037 Whanganui District 038 Rangitikei District 039 Manawatu District 040 Palmerston North City 041 Tararua District 042 Horowhenua District 043 Kapiti Coast District 044 Porirua City 045 Upper Hutt City 046 Lower Hutt City 047 Wellington City 048 Masterton District 049 Carterton District 050 South Wairarapa District 051 Tasman District 052 Nelson City 053 Marlborough District 054 Kaikoura District 055 Buller District 056 Grey District 057 Westland District 058 Hurunui District 059 Waimakariri District 060 Christchurch City 062 Selwyn District 063 Ashburton District 064 Timaru District 065 Mackenzie District 066 Waimate District 067 Chatham Islands Territory 068 Waitaki District 069 Central Otago District 070 Queenstown-Lakes District 071 Dunedin City 072 Clutha District 073 Southland District 074 Gore District 075 Invercargill City 076 Auckland 099 Area Outside Territorial Authority

The following table describes significant changes to the territorial authority boundaries and functions:

Year	Changes
1989	New Zealand's local government structural arrangements were significantly reformed by the Local Government Commission in 1989. Prior to reformation there were 205 territorial local authorities: 28 cities, 78 boroughs, 67 counties, 31 districts, and 1 town district, as well as a multitude of ad-hoc authorities such as pest control boards, drainage boards, catchment boards, and domain and reserve boards. These were replaced by 74 territorial local authorities, 15 of which were cities and 58 districts. The exception was Chatham Islands County which retained its county status.
1990	Invercargill was proclaimed a city.
1992	Nelson-Marlborough Regional Council was abolished by a Local Government Amendment Act. Kaikoura District was transferred to the Canterbury Region. Nelson City, and Tasman and Marlborough districts became unitary authorities.
1995	The Chatham Islands County was dissolved and reconstituted by a specific Act of Parliament as the "Chatham Islands Territory", with powers similar to those of territorial authorities and some functions similar to those of a regional council. This included the addition of territorial sea, a coastal buffer extending to twelve nautical miles from the coastline.
1995	Tasman District boundary extended to align with the Tasman Region boundary at the 12-mile limit.
1998	Not Applicable
2004	Tauranga District changed to Tauranga City.
2006	Banks Peninsula District merged into Christchurch City as a result of a Local Government Commission decision following a 2005 referendum.
2010	Auckland Council established under the Local Government (Tamaki Makaurau Reorganisation) Act 2009. Rodney District, North Shore City, Waitakere City, Auckland City, Manukau City, Papakura District, and Franklin District territorial councils, and the Auckland Regional Council, were abolished to become a unitary authority known as the Auckland Council. The area now consists of one city council (with statutory provision for three Maori councillors), 13 wards, and 21 local boards.
2015	Wanganui District Council name changed to Whanganui District Council effective 1 December 2015.
2020	Ōtorohanga District Council amended to Ōtorohanga District Council under schedule 2 of the Local Government Act 2002.
2020	Ōpōtiki District Council amended to Ōpōtiki District Council under schedule 2 of the Local Government Act 2002.

Digital boundary data became freely available on 1 July 2007.

## Purpose

This dataset contains the annually released territorial authority boundaries as at 1 January 2021, as defined by the territorial authorities and/or Local Government Commission and maintained by Stats NZ (the custodian), clipped to the coastline. This clipped version has been created for map creation/cartographic purposes and so does not fully represent the official full extent boundaries. This clipped version contains 67 territorial authorities.

#### Statement

Territorial authorities are based on the meshblock pattern. Non-alignment of meshblock and cadastral boundaries are one of a number of reasons for meshblock boundary adjustments. Other reasons include requests from local authorities, Local Government Commission, Electoral Representation Commission and to make census enumeration processes easier. From the meshblock pattern, higher geographies, including the 2021 territorial authority pattern, were dissolved using the dissolve tool in the Arc GIS suite. To derive the territorial authorities boundaries clipped to the coastline, meshblock polygons were dissolved to exclude meshblocks with a land/water attribute of Inlet or Oceanic.
